## GOLF ACADEMY & FITNESS CENTRE

At Wanna Be A Champion Golf Academy, we use revolutionary teaching methods to keep it simple so as to accelerate learning and improve golfing performance.

The Academy is equipped with some of the latest, cutting edge technology; from Trackman® Launch Monitor to a Biomec putting aid that gives you real time feedback on every stroke. Students are exposed to effective teaching methods to help them improve every aspect of their golfing game.

The fitness center uses a golf-specific fitness program, Kinetic Golf, which looks to improve the functioning of the body. The program addresses the key aspects of golf fitness: flexibility, stability, strength and power. Every student engages in individual programs tailored to help overcome specific weaknesses and improve on their strengths.
