

WOODHILL

RESIDENTIAL ESTATE & COUNTRY CLUB

CREATIVITY PACKAGE

A helping hand to the beautiful bride who has everything else covered

CREATIVITY PACKAGE

Planning a wedding isn't easy, but you've got it all under control. Why not let Woodhill assist with the finishing touches in terms of décor and flower styling, while you sit back and relax?

“All clients (not restricted to weddings only) must make use of Woodhill’s in-house coordinator or appoint a registered events company to do on the day coordination. We want to avoid the immense pressure that clients/owners put on our team with regards to unorganised details/requests that we end up having to sort out because of poor time management and coordinating skills.

This is also a way to generate added income by delivering an in-house or “all in one” service to clients.
