

HOMEOWNER'S ASSOCIATION REQUEST FOR GENERATOR INSTALLATION APPROVAL FORM

ERF NO		
STREET		
OWNER		TEL:

I hereby request permission from the HOA to install a generator on the abovementioned property subject to the following terms and conditions:

- A residential silencer will be fitted to the generator.
- The generator will be housed in an aesthetic Acoustic Enclosure to reduce the noise level to 65db @7m.
- Fuel/Diesel will be stored so as to not create a safety risk. *
- A Certificate of Competency for electrical installations will be submitted. *
- The placement of the generator will be of such a nature that it will not create an unsightly image or any inconvenience/disturbance to my neighbour (plan attached).
- HOA will be entitled to investigate and inspect all the aforementioned before authority is granted.

*Please delete if not applicable

I, _____ confirm acceptance of the above terms and conditions.
